

## **Do you have an idea that you think might help the community progress forward? (Economic and Social Development Ideas for our Community)**

**Background:** The Hanna Climate Change Strategy Taskforce was formed after the Government of Alberta announced their Climate Leadership Plan. This policy will greatly impact the region's two largest employers, Sheerness Mine and Sheerness Generating Station, which will in turn significantly impact our community. We are currently seeking to bring community members together to identify realistic opportunities and ideas, engage in creating plans for economic transition, and to take action. The plan to move forward relies on community buy-in, building on local assets, and developing opportunities from those assets.

**Brief Description of your "Idea" (A few short sentences or bullets)**
